Raku

NEW ADDITIONS FOR SUMMER 2017

🇬🇧 Made in England, Raku inspired prints are achieved with Churchill's innovative print process. The print is positioned directly under the glaze, creating a protective layer over the decoration. Each piece is unique as the reactive print acquires its beautiful colour through random, spontaneous effects. Emulating an artisan glaze finish, Studio Prints Raku has all the durability and technical reassurance required for the hospitality environment.

🇪🇸 Fabricado en Inglaterra, Raku ofrece una textura reactiva que se logra mediante la impresión. La decoración se posiciona debajo del esmalte, creando una capa protectora sobre el diseño. Cada pieza es única debido a la decoración reactiva aportando belleza de una forma espontánea. Studio Prints Raku posee los beneficios de durabilidad y los atributos técnicos necesarios para el uso en un ambiente hostelero.

🇩🇪 Raku ist "Made in England" und entsteht durch ein innovatives Druckverfahren von Churchill. Jedes Stück ist ein Unikat, da der unebene Druck unterhalb der Glasur seine Inspiration durch zufällige, spontane Effekte erhält. Das Muster befindet sich unterhalb der Glasur und wird dadurch optimal geschützt. Studio Prints Raku bietet damit die für die heutige Gastronomie erforderliche Haltbarkeit, Lebensdauer und Beständigkeit.

🇮🇹 Prodotto in Inghilterra, la stampa di Raku si ottiene attraverso l'innovativo processo di stampa della Churchill. La stampa viene posizionata direttamente sotto smalto creando uno strato protettivo sopra il decoro. Ogni pezzo è unico dal momento che la stampa reattiva rende il colore originale in modo spontaneo e casuale. Imitando la finitura smaltata artigianale, Studio Prints Raku possiede tutta la resistenza e le garanzie richieste per l'hospitality.

🇫🇷 Fabriqué en Angleterre cette nouvelle gamme est un exemple du procédé innovant d'impressions de Churchill. Le décor est appliqué directement sous email, ce qui crée une protection pour la décoration. Toutes les pièces sont uniques parce que les couleurs réactives provoquent des effets différents et spontanés. Même si elle ressemble à une assiette artisanale, le modèle Raku aura toutes les caractéristiques de durabilité et de dureté nécessaires à un environnement Horeca.
